Durg, Chhattisgarh - 491001, INDIA

## SUMMARY

Full stack software developer with about 2 years of experience in the MERN stack, adept at building scalable web applications and collaborating effectively within teams.

## EXPERIENCE

- EVINDIA** Jan 2024 - Sept 2024  
*Full Stack Developer* Ahmedabad, Gujarat
  - Architected Partner APIs for OEMs (Ola, Vida, TVS), driving lead generation and business growth.
  - Optimized MongoDB and scalable APIs, managing 1M+ leads and improving data processing efficiency.
  - Integrated webhooks for lead transfers from chatbots and CRMs, contributing to business expansion.
  - Developed a React-based admin panel with Excel import/export, filtering, pagination, and role-based access.
  - Created dynamic Next.js landing pages for OEMs with admin-configured data, enhancing UI performance.
  - Managed backend APIs and data storage (Amazon S3), with API logging and monitoring for electric vehicle data.
  - Optimized Next.js pages for SEO, page speed, and integrated Google Analytics for better search rankings.
  - Oversaw deployment processes, ensuring smooth code merges and production releases.
- Globussoft Technology** Sept 2022 - July 2023  
*Software Developer (Node.js) Intern* Bhilai, Chhattisgarh
  - Developed a workforce management app from scratch, handling employee tasks, projects, and real-time features.
  - Designed REST APIs with Node.js using modular architecture and ES6, following SDLC and agile practices.
  - Implemented JWT-based authentication and authorization, and managed MongoDB operations with dynamic collections.
  - Built chat and messaging modules with private/group chats, file sharing, and messaging options.
  - Created a notification UI in Next.js for admin and employee interactions.
  - Developed a Socket server for real-time chats and notifications.
- Shivnath Hyundai Dealership** Feb 2019 - Oct 2021  
*Sales Executive* Durg, Chhattisgarh
